

Consultant's Wholesale Club

Scraptabulous Savings Every Day!

CWC offers products and services that support paper craft professionals at deeply discounted prices.

We are a members-only organization dedicated to scrapbooking and stamping consultants/demonstrators as well as paper craft professionals. If you are a Close To My Heart, Stampin' Up or TAC consultant/demonstrator, you qualify to join the CWC. If you are a paper craft professional (designer, instructor, etc.) you are also qualified to join. We currently have nearly 600 members from the paper craft industry!

Our goal is to keep our every day prices at 10 to 20% above wholesale, which means the majority of our products are 30-40% off EVERY DAY. No more waiting for Michael's and Hobby Lobby coupons, and no more going back to the craft store multiple times to use your discount!

CWC is not open to the general public and we currently have just under 700 members from the paper craft industry.

CWC's \$25 annual membership fee acts the same way a Costco/Sams Club card acts; it gives members access to purchase items plus access to the message boards/member's only section of the site. We run contests on artwork, we feature member's on a regular basis, we have a swap board and many other exciting features!

If you feel like you qualify to join CWC, we encourage you to apply for membership! There is a \$25 annual fee that most members find they make back with their first few purchases. Your annual membership includes:

- * **Access to all sales and special saving offers**
- * **Access to the Member's Only section of the website - including the message boards**
- * **Weekly newsletters and updates on current and up-coming sales**
- * **A great community in which to grow, learn and share**
